

**Karl's Tree Trimming Service has been providing Tucson with the best in tree removal services for over 18 years. Learn more about why Karl's customers are so loyal.**

*There isn't a tree removal project too big for us*

Tree removal is Karl's self-proclaimed specialty. In the event that you have a tree that needs to be removed, make sure you're dealing with the professionals. Karl himself has decades of experience in tree removal and he holds his team to the highest standards. Tree removal is no picnic, and it can become even more hazardous if the tree is in close proximity to your home. Don't leave such a potentially dangerous task in the hands of amateurs. Let Karl and his team impress you with their expertise. Karl is happy to assess your specific needs, discuss the best way to remove your tree with you and provide you with a FREE estimate.

Karl and his team pride themselves on their ability to work like a well-oiled machine to remove your tree without causing any damage to your house or existing landscaping. Once the tree removal is complete, Karl and his clean-up crew return your property to its original state (without the tree of course). All hauling and clean-up is included in your tree removal package.

Several factors allow Karl to provide quality tree removal services:

- Karl's Tree Trimming Service is licensed and insured and has been since 1992.
- Karl has extensive experience, spanning several decades, and his company has been removing trees for over 18 years.
  - His climbers and crane operators have the experience necessary to successfully take down a large tree.
  - His combined expertise and equipment

Often times a tree has outgrown its surroundings and there is limited space around it. These trees must be removed because they pose a significant threat to homes and/or structures in close proximity. These situations usually demand a crane, but sometimes that's not possible. Karl and his team have experience with these special situations, in which the tree must be removed by a climber roping it down in pieces. Karl's Tree Trimming Service also has a flashy bucket truck that gives them a particular advantage in these cases.

Karl's experience includes:

- Eucalyptus trees
- Pine trees
- Mesquite trees
- Olive trees
- Mimosa trees
- Oleanders
- He specializes in mesquite tree removal

Karl's Tree Trimming Service Inc has built a strong reputation within the Tucson community by continually providing the most efficient, reasonable and safe tree removal services. So, if you have a tree that has just become a nuisance, rather than a joy, make sure you call Karl and he and his team will make your tree removal a positive experience.
